- babel
- ES6, some ES7
- Node.js
- NPM
- Heroku
- Bootstrap
- Backbonejs
- Responsive Design

- JavaScript (DOM), AJAX
- RESTful api's
- Agile Development, SCRUM
- Rich Internet Applications
- Old JavaScript's Framework:
  Jquery, Jquery Mobile
  Google Web starter kit
  bootstrab, foundation zurb,
  google map api,
  cybersource api and more

Professional Experience:

Sapient Nitro: Onsite Project US
Current Project: **Verizon Agent Commerce – Virginia (client Side)**   June 2017 – Jan 2018
Lead Arch & Interactive Dev

GoWireless is a Verizon Authorized Retailer e-commerce. goal is to deliver world-class service while connecting you with custom smartphone solutions matched perfectly to enhance your wireless lifestyle.

Responsibility includes, frontend delivery, production support, UAT support, understanding client's requirement, create frontend delivery plan, and get them delivery on time, which also includes build highly skilled frontend team to progress in project, mentored 4 team members for **reactjs** and backbone. Worked on

Below are the details of Frontend Stack Used in https://www.gowireless.com. http://www.victra.com/
And https://www.verizonwireless.com

Reactjs	Javascript/Jquery

● Used React as an new stack in VerizonWireless.com
● using Resful API from and rendering the response from ATG backend.
● Developed Plan page, checkout, cart page using Resful api
● Created functional and class components
● Used react router to implement a single page application implementation only for Select Your Plan page
 	
● Used presentational and container components
● .Used WEBPACK for creating bundle files.
● Used Redux for state management
	● Used higher order functions
	   used closures
	   used array manipulation
	   Used ES6, Classes, inheritance
	● Used namespace global variable to avoid name collisions.
	● Use different techniques and best practices to improve performance of application (Combining multiple http requests into 1 -
	      css/js/etc, caching)
	● Used Mocha and Cucumber for TDD/BDD

Previous Project: **HBC - saks 5thAvenue – NYC (client Side)**   Nov 2016 – June 2017
